

REF : _PCPNEU

RECYCLED TIRE KEYCHAIN

DESCRIPTION

This unique keyring is made from genuine recycled tire rubber, combining durability with eco-consciousness. Measuring 8.5 cm in length, 2.5 cm in width, and 3 mm in thickness, it is compact and practical to carry around, while providing a comfortable grip. Manufactured in Germany from upcycled materials, this product aligns with a sustainable production approach. Customization is applied via high-quality digital printing on one side only, carried out in France, ensuring fine detail and clarity of your logo. Please note that both the shape and color of the keyring are fixed and cannot be modified. It's the ideal promotional item for environmentally responsible campaigns, sustainable branding efforts, or green-themed events.
