

REF : \_DROPST

## DROPSTOP® (ANTI DROP)

### DESCRIPTION

Authentic Dropstop is a small mylar metallized finish disc, to be inserted in the neck of the bottle to prevent drop falling. Marking is processed in digital printing during manufacturing within the factory in Denmark. The marking is encapsulated under the cling film, guaranteeing durability in time and adequate food contact. Logo 1 color printing (black only) or offset printing (optional). Diameter: 76mm. Thickness: 0.16mm.
